Minimbah Challenge

Minimbah provides day programs to enrich the quality of life of adults with a severe intellectual disability and their carers.

Minimbah

A place for learning

About Minimbah

Minimbah was opened in 1983 by a group of parents who previously operated the Karonga Special School. They recognised that there were few appropriate facilities for school leavers with high support needs and went on to establish a day program in Marsfield.

Minimbah is a charity depending on community support. We have a staff team of twenty and a small group of active volunteers.

Minimbah operates in purpose built facilities and has a fleet of specialty vehicles to enhance community access and social inclusion for all service users.

Minimbah services are available to people who have a severe or profound intellectual disability and need high levels of assistance with activities of daily living.

Weekday Program

Minimbah provides a Community Participation Service for adults. The clients participate in a wide range of community and centre based activities. The program operates five days each week, for 48 weeks of the year.

Saturday Care Program

Minimbah provides a respite and recreational program for school aged young people. This program operates on alternate Saturdays and every Saturday during the mid year school holidays.
